Video Directory

In issue 5, volume 1 of *Radical Software* the video directory included as complete a listing as possible of all the people we knew working with ½" videotape. The following is a continuation of that directory with a brief synopsis wherever possible of the type of work particular groups or individuals are doing and the equipment available to them.

In this issue we did not include a separate data bank section. Therefore, wherever you see an *asterisk* * next to the name of a group or individual we have included their present tape offerings, or a description of the *kinds* of tapes they're offering, and/or special announcements they wished to make. Where groups or individuals have articles in other parts of the paper the tape offerings are listed there.

If you are not included in this directory or the one in issue 5, though you submitted the appropriate information to us, or if you've never written to us, or if your listing is incorrect or needs additions, please fill out the form below and return to us.

Michael Goldberg of the *Video Exchange Directory* pointed out to us that our list in the past had functioned primarily as one-way access, while Intermedia's was designed for a two-way *communication.* Thus as we announced in *Radical Software* #5, volume 1, in addition to feeding back to *Radical Software* (c/o Box 135, Ruby, N.Y. 12475) it would be helpful if you returned a xerox of the form to *Video Exchange Directory* c/o Vancouver Art Gallery, 1145 West Georgia, Vancouver,5 British Columbia, Canada).
