If the Greek revolutionaries had organized an indivi-
dual resistance movement and had not been able to
escape the CIA organized and would probably have
seized the chance to dominate the world. It was known
to everybody that each Greek had been a CIA agent.
Though the Greek revolutionaries knew this, it didn’t
surprise them at all and they felt quite comfortable.
I was the first thing the colonels did, of course, to
occupy the radio stations and to cut off the telephone
networks. These radio stations are very precious
precisely every revolutionary asleep in bed. With the
Greek revolutionaries, two things were happening all
over the world. It works perfectly, so why not use
by TAKIS
TV and personal telephone lines should be in the
for a machine that could distort the magnetic waves
diminish the deathrate, it also gave enormous power
progress of electronics and technology has changed
New York Times published an article saying that
weeks before the colonels took over in Greece, the
personal telephone lines, information bulletins to
the same system they will eliminate all revolutionaries
practically every revolutionary asleep in his bed. With
makeout his own file in the NATO organized offices.

Though the Greek revolutionaries knew this, it didn’t
seem as if it will be solved in the immediate
years some of the scientists, though they are as much
