The space for innovative development
From cable action to decentralized distribution networks to community action. (Just prior to our conversation there had been a discussion of the issues.) It seemed that most of the people at the gathering were not really into community development. They were lamenting the fact that it seemed that they were doing some really fine work with video in community development. And then we met each other again to learn how many different approaches to the change we all believe to be necessary. And then we met each other again to learn how many different approaches to the change we all believe to be necessary. And then we met each other again to learn how many different approaches to the change we all believe to be necessary. And then we met each other again to learn how many different approaches to the change we all believe to be necessary.

In Montreal, the snowbound city, another gathering of media people was held. The Montreal gathering was held to learn what was going on in Canada. The Montreal gathering was held to learn what was going on in Canada. The Montreal gathering was held to learn what was going on in Canada. The Montreal gathering was held to learn what was going on in Canada.
