EARTH LIGHT

PURPOSE: To provide free access of electronic communications tools to the people of Boston.

OPERATING GOALS AND OBJECTIVES

To operate entirely as a co-operative collective.

For all decisions as to the operation of the video-exchange to be decided at a weekly meeting of all collective members.

For the co-operative to be open to all people and will grow and expand as the individual members collectively decide.

That all members share equal responsibility for all projects and that there be no titles or officers.

That no one be paid directly from monies directly contributed to the co-operative, but that the facilities and resources be made available in order for members of the co-operative to individually and collectively earn a living.

To strive toward becoming a self-sufficient community of people through the operation of the videotape theater, the production for distribution of videotape productions, the creation of a co-op buying center for video, art and photo supplies, equipment and tapes, and to work as closely as possible with all other co-operative and movement projects.

MITSURU KATAOKA

1. We have over $30,000.00 worth of equipment on loan from Concord Electronics to carry out video experiments based on the idea that multiple disciplines be invited to participate in exploration. Commercial companies including Concord Vitronics, Concord and Berkey Color-Tran have and are contributing to the laboratory through engineering and electronics expertise.

2. Projects including sociological studies, anthropology, audio-graphics, electronic feed-in and design education are a few of the experiments beginning to germinate in this laboratory. At this time there are project teams working on ten different concepts with 4 to 10 persons per project.

3. Type of Equipment—All Concord 1/4" and 1" equipment including portable cameras, mobile consoles, studio cameras and special effects console, B&H Standard VTR's, Berkey Color-Tran lighting equipment, Reflectasol Lighting equipment. The laboratory has access to University-wide equipment on request.

4. The student committee is planning a video section to the annual student exhibition to be held in early June, 1971.

A SPACE

The Vasulkas have opened "The Kitchen" an electronic image workshop and theatre. They want to share it with other media oriented people. During the summer and fall it will operate Thursday, Friday and Saturday nights at 240 Mercer Street, NYC, 475-5945.
