BIBLIOGRAPHIES
By far the best bibliography we've seen on video, cable, broadcast, etc., is the BROADCASTING BIBLIOPHILE'S BOOKNOTES—a mass media publications reporting service. It is published monthly by Christopher H. Sterling of the Dept. of Radio-TV-Film, Temple University, Philadelphia, Pa. 19122. The service is available only by subscription for the current volume year (subscribe at any time in the year and get all 12 issues for the September-August period). Cost, beginning with Volume IV (September, 1972), is $3.50 per year (Volume III and earlier volumes at $2.00 per year), and should be prepaid with order (please make checks out to Christopher H. Sterling). IT IS WELL WORTH THE COST.

Three other excellent bibliographies we've come across which relate to all aspects of CABLE TELEVISION are: 1) an annotated bibliography on CATV (compiled 1971) by Jon Shafer of 1510 East 23rd St., Minneapolis, Minn. 55404; 2) a selected list of materials in the Connecticut State Library Collection (recently compiled) which covers the evolution of CATV, general information, possible uses, CATV and libraries, CATV regulation, and can be obtained if you write to Rose Harrison, General Reference Dept., Connecticut State Library, 231 Capitol Ave., Hartford, Ct. 06115; and another recently compiled listing published by Berkeley Cable Access, 2616 Russell Street, Berkeley, Calif. 94705.
